"Sweet and Lovely"

Sensational New Fragrant Gladiolus

Sweet
and
Lovely
(Greatly
Reduced)

This delightful new beauty is the first fragrant Gladiolus having the height and size of other fine Gladiolus. All other fragrant Gladiolus are small and grow on short, weak stems and must be grown in a hothouse, but "SWEET AND LOVELY" will grow and flower right out in the open in your garden with your other Gladiolus and requires no special care. The colored illustration gives but a faint idea of the beauty of this new marvel of the floral world. The individual florets are four inches wide and the flowering stalks are three to four feet tall.

But the outstanding feature of this lovely new variety is its fragrance, for "SWEET AND LOVELY" brings us an entirely new fragrance all its own. It is not the overpowering fragrance of the Lily; neither is it the fragrance of the Rose, or the Violet, or any other flower. It is a new fragrance, the fragrance that will be identified with the fragrant Gladiolus of the future, a fragrance that is delicate, subtle, yet sweet and distinct. The fragrance is greatest just as the flowers are opening, and in order to enjoy the full benefit of their sweet odor, they should be cut just as the buds are opening and placed in a vase of water in a quiet, fairly warm room.

You will surely want to enjoy both the beauty and the fragrance of "SWEET AND LOVELY" in your garden and in your home this summer, for it is equally attractive in the garden or as a cut flower.

Robert Wayman's "Bouquet" Collection of Choice Gladiolus

While last year's "Bouquet" Collection was a superb collection, this year's collection will be even finer, as newer and finer varieties are constantly being added to make this the finest mixed collection that money can buy. The entire color range is now included in this collection such as the newer lavenders and purples, rose and salmon shades, scarlet, white, pink, orange, etc., all mixed together in a well balanced collection.

All are magnificent, large, flowering size bulbs and are guaranteed to be clean, healthy stock.

This is a gorgeous collection for mass planting in the garden, as well as for cut flowers, and because it contains varieties that flower at different periods, a 60 day succession of bloom may be expected from one planting. By making two or three plantings, 30 days apart, flowers may be had all summer long.

Order as many collections as you can make room for. If you do not have room for 100, get your neighbor to join with you, but 100 Gladiolus require a space only 3 by 3 feet, and many gardens have room for several collections.

NOTHING EASIER TO GROW

There is nothing easier to grow, or more satisfactory than Gladiolus. Just put them in the ground and await results. Plant them anywhere, in clumps, in beds or in rows; or fill in the unused spots in your garden. These superb flowers will add a magical spot of color wherever you put them. Each package will contain a pamphlet telling "How to grow fine Gladiolus".

The World's 25 Best

Betty Nuthall (See page 5)

When I say that the 25 varieties listed on these pages are the 25 World's Best, I am not merely giving you my own opinion, but the opinion of the combined membership of the American Gladiolus Society, consisting of the country's leading professional growers, breeders and Gladiolus enthusiasts. They are listed below in the order of merit, as determined by the latest symposium of the American Gladiolus Society. With thousands of varieties voted upon, Picardy received the largest number of votes for **three** years in succession, and has been proclaimed **The World's Finest Gladiolus**; Minuet has received the second largest number of votes for the third year in succession, a distinction which it justly deserves as the finest orchid toned gladiolus; Commander Koehl, now that it is better known, has moved up to third place and takes its position as the **world's finest red** gladiolus; Betty Nuthall still maintains fourth place as the most lovely blended color imaginable, and so on down the list.

Pursuing my policy of offering only the best, I have assembled these 25 varieties into one superb collection and now offer them at prices that are within the reach of all. SO HERE THEY ARE! THERE ARE NO FINER GLADIOLUS IN THE WORLD THAN THESE 25 SUPERB VARIETIES. Each is the finest of its type. The illustrations can give but a faint idea of their great beauty as **these illustrations are greatly reduced**. The individual florets are as wide as the pages of this catalogue and as Geo. P. Harmon writes us from his summer home up in Maine, "Picardy bought from you grew six feet tall, with eight perfect blossoms six inches across open at one time; Bagdad also grew six feet tall, and Golden Goddess six feet, six inches tall, with 24 buds and nine perfect blooms open at once." You never saw such Gladiolus. They carry off the prizes everywhere. And so, if you wish the best that money can buy, and a collection that will be the sensation of your community, my recommendation is that you accept the judgment of the combined membership of the American Gladiolus Society, and plant in your garden this season these 25 varieties which topped the list in the last symposium. Following such leadership you surely cannot go wrong.

Gladiolus

Cultural Directions included with all Shipments.

You May Choose Individual Varieties, or
Order the Complete Collection.

PICARDY—The sensation of the Gladiolus world and winner of the highest symposium vote. Florets up to seven inches across, with many open at once, on flower stalks up to six feet tall. Color a delightful shrimp pink. Sold five years ago at \$2.00 a bulb. 15c. each; 3 for 25c.; 6 for 40c.; 12 for 65c.; 100 for \$3.50.

MINUET—An exquisite orchid-toned variety, superb in every way. Huge florets up to seven inches across, one stalk making a bouquet. Majestic in the garden; unsurpassed as a cut flower; a sure winner in the flower shows. See color illustration, which of course is greatly reduced. 15c. each; 3 for 25c.; 6 for 40c.; 12 for 65c.; 100 for \$3.50.

COMMANDER KOEHL—In the last symposium this variety takes its rightful place as the **World's Finest Red Gladiolus**. Gorgeous rich glossy pure red flowers of great brilliance, huge size, perfect form, and without a speck of any other color. The florets are as wide as this page and the stalks shoulder high. 15c. each; 3 for 25c.; 6 for 40c.; 12 for 65c.; 100 for \$3.50.

BETTY NUTHALL—Always a Prize Winner. Glowing orange-pink with soft yellow throat. The illustration, which is only about one-third natural size, gives some idea of the great beauty of this magnificent variety, the best of the blended colors. One of the remarkable things about this variety is that it will sometimes produce as many as five huge spikes to a single bulb. It seems unbelievable that so much beauty could come from a single bulb. 10c. each; 3 for 20c.; 6 for 30c.; 12 for 50c.; 100 for \$2.75.

MOTHER MACHREE—This variety not only maintains its place among the leading varieties, but keeps climbing closer towards the top. In the previous symposium it took seventh place; now it occupies fifth place. Like the foregoing varieties, it is the leader in its class, the color being an invincible lavender, with glints of salmon and gold and a delightful yellow area at the throat. A sure

Minuet

winner. 15c. each; 3 for 25c.; 6 for 40c.; 12 for 65c.; 100 for \$3.50.

MARMORA—A close competitor of Mother Machree, but entirely different, being an exquisite flower of unusual lavender-gray, with a bright petunia spot at the throat. Huge flowers, many open at once. 10c. each; 3 for 20c.; 6 for 30c.; 12 for 50c.; 100 for \$2.75.

The World's 25 Best

Commander Koehl (See page 5)

The World's Finest Red
Gladiolus

MAID OF ORLEANS—A newcomer and a five-star sensation, which jumps immediately to first rank among the whites, taking the highest vote of all the white varieties. A huge flower of the most aristocratic bearing, with soft cream buds opening to pure white. Eight or more florets open at once. The top-notch white. 20c. each; 3 for 50c.; 6 for 85.; 12 for \$1.50; 100 for \$8.50.

MR. W. H. PHIPPS—This variety headed the list for many years, and is still and always will be one of our most glorious of all Gladiolus. The color is a gorgeous salmon pink, with very large flowers, many open at once. It is still my own special favorite and if I could have only one Gladiolus, it would be W. H. Phipps. 10c. each; 3 for 20c.; 6 for 30c.; 12 for 50c.; 100 for \$2.75.

BAGDAD—A gigantic flower of an unusual old-rose color, being in a class by itself. Florets seven inches across, ten open at once, on tall spikes. 15c. each; 3 for 25c.; 6 for 40c.; 12 for 65c.; 100 for \$3.50.

MILDRED LOUISE—A magnificent new bright strawberry-pink, with lovely delphinium blue anthers, yellow throat and deep red pencilling on lower petals. A distinctive new color. 20c. each; 3 for 50c.; 6 for 85c.; 12 for \$1.50; 100 for \$8.50.

PELEGRINA—Some years ago there was no such thing as a blue Gladiolus, but blues have been gradually developed until now we have in Pelegrina the perfect blue Gladiolus. It is a fine, large, outstanding, lustrous intense deep blue flower of perfect form and received the highest vote of all the blues. The illustration gives but a faint idea of the great beauty of this handsome Gladiolus, which is so different in color and so striking either as a garden subject or a cut flower. Huge stalks, many open at once. Always a prize winner. 15c. each; 3 for 25c.; 6 for 40c.; 12 for 65c.; 100 for \$3.50.

MAMMOTH WHITE—A gorgeous white, with a beautiful cream throat. Gigantic flowers, the individual florets being six to seven inches across, and many open at once. A masterpiece in snowy whiteness. 15c. each; 3 for 25c.; 6 for 40c.; 12 for 65c.; 100 for \$3.50.

DR. F. E. BENNETT—An unexcelled brilliant scarlet. Dr. Bennett has for many years continued to hold its place as one of the 15 leading Gladiolus. A grand variety and a dependable prize winner. Gigantic flowers, many open at once. 10c. each; 3 for 20c.; 6 for 30c.; 12 for 50c.; 100 for \$2.75.

WASAGA—You will undoubtedly pronounce this the most beautiful Gladiolus you have ever seen. The color is a clear, glowing buff, without a mark or speck of any other color, and the large flowers are beautifully ruffled. There is no other Gladiolus like it. 20c. each; 3 for 50c.; 6 for 85c.; 12 for \$1.50; 100 for \$8.50.

STAR OF BETHLEHEM—Watch this immense pure snow-white Gladiolus climb to the top of the list in future symposiums. It is loveliness supreme, but is as yet very scarce and therefore not so well known as it should be. 25c. each; 3 for 65c.; 6 for \$1.00; 12 for \$1.75; 100 for \$12.00.

ALBATROSS—An absolutely pure snow white, without a trace of any other color; huge florets and tall spikes. In the previous symposium it received the highest number of votes of all whites. A magnificent variety. 15c. each; 3 for 25c.; 6 for 40c.; 12 for 65c.; 100 for \$3.50.

SALBACH'S ORCHID—Large, open, beautifully placed flowers in the color of the Cattleya Orchid; as many as ten flowers open at once. A real aristocrat. 15c. each; 3 for 25c.; 6 for 40c.; 12 for 65c.; 100 for \$3.50.

PFITZERS TRIUMPH—Enormous open flowers of brilliant scarlet, with a deep cherry-red spot at the throat. One of

Gladiolus (continued)

the largest and finest of all Gladiolus and winner of countless prizes. 10c. each; 3 for 20.; 6 for 30.; 12 for 50.; 100 for \$2.75.

AFLAME—A flaming scarlet, of the finest Primulinus-Grandiflorus type. Gigantic spikes and blooms and a magnificent flower. 10c. each; 3 for 20c.; 6 for 30c.; 12 for 50c.; 100 for \$2.75.

ROSEMARIE PFITZER—An unusual new dainty white, overlaid with delicate flakes of soft pink. Nicely ruffled. A very lovely variety. 25c. each; 3 for 65c.; 6 for \$1.00; 12 for \$1.75; 100 for \$12.00.

DUNA—A very lovely soft flesh-pink to pale apricot, the color being uniform, without marking of any kind. 20c. each; 3 for 50c.; 6 for 85c.; 12 for \$1.50; 100 for \$8.50.

RED LORY—A sensational exhibition flower of true rose-red, with as many as 12 gigantic florets open at once. One stalk makes a bouquet. Winner of many prizes. 15c. each; 3 for 25c.; 6 for 40c.; 12 for 65c.; 100 for \$3.50.

MRS. LEON DOUGLAS—Magnificent begonia-rose, flaked scarlet. One of the largest and showiest Gladiolus. 10c. each; 3 for 20c.; 6 for 30c.; 12 for 50c.; 100 for \$2.75.

GOLDEN DREAM—Has always been "the tops" in yellow and again received the highest number of votes of any yellow. A rich, deep, golden-yellow with many huge florets of fine form open at once. 10c. each; 3 for 20c.; 6 for 30c.; 12 for 50c.; 100 for \$2.75.

LOTUS—A delightful new soft shell pink over a white ground, with a white throat. Unsurpassed as a cut flower. A heavy waxy substance gives it a shell-like texture. Preeminent among all delicately tinted gladiolus. 20c. each; 3 for 50c.; 6 for 85c.; 12 for \$1.50; 100 for \$8.50.

Having read these descriptions, can you imagine anything more thrilling than to have these "25 World's Best Gladiolus" growing in your own garden? And if you exhibit in the flower shows can you imagine what would happen if you were to exhibit only a few of these superb varieties. I am pleased to be able to offer this entire group at an attractive price that is within reach of all.

The Gladiolus of Tomorrow

Golden Goddess

GOLDEN GODDESS (Patent No. 77)—The first patented Gladiolus. A new and absolutely perfect yellow, with 20 to 25 flowers to a single stalk, ten or more open at once, and stalks four feet tall. The finest yellow Gladiolus introduced to date.* 35c each; 3 for \$1.00; 12 for \$3.50; 25 for \$6.50; 100 for \$24.00.

* Golden Goddess is sold only as stated above and is not included in any collection.

This collection is made up especially for those who have already purchased the 25 "World's Best" Gladiolus, and want to improve upon that collection by adding "The Gladiolus of Tomorrow," those varieties which as yet are too rare to be well known, but because of their superior quality and great beauty, may be expected to head the lists of tomorrow. Each variety in this group is something new, or rare, or unusual. All are giant flowering varieties, with many flowers open at once; and each will add something distinctive to any high class collection. It is a collection for those who wish to be "ahead of the procession." I have made a low price on this extraordinary collection in order to enable you to own these superb varieties.

BLEEDING HEART—One of the most showy of all Gladiolus; pinkish white, with a vivid crimson spot at the base of the petals. The personification of grace and beauty. 15c each; 3 for 35c; 6 for 60c; 12 for \$1.00; 100 for \$6.00.

CHRISTABEL—Huge flowers of a very soft salmon pink, slightly flushed deeper salmon, with a clear soft sulphur yellow throat. I rate this as one of the very best. 20c each; 3 for 50c; 6 for 85c; 12 for \$1.50; 100 for \$8.50.

CONSTANCY—Very large, clear, rose-pink, with a darker spot at the throat. One of the first to bloom. A gorgeous cut flower variety. 15c each; 3 for 35c; 6 for 60c; 12 for \$1.00.

DEBONAIRE—A marvelous new introduction by the originator of Picardy. A luscious La France pink shading to shrimp pink, with a cream throat lightly peppered crimson. Winner of many prizes and generally considered better than Picardy, the number one Gladiolus. 15c each; 3 for 35c; 6 for 60c; 12 for \$1.00.

EDITH ROBSON—This variety, when better known, will be up near the top of the list, for it is about the most lovely Gladiolus I have ever seen. It is a huge flower, of delightful pure salmon tone, with a yellow spot at the throat, in the centre of which is a vivid red spot. An Australian introduction. 20c each; 3 for 50c; 6 for 85c; 12 for \$1.50; 100 for \$8.50.

F. J. McCOY—Very large flowers of clear rose-pink, with a brilliant scarlet spot at the throat. 15c each; 3 for 35c; 6 for 60c; 12 for \$1.00; 100 for \$6.00.

MARY ELIZABETH—Beautifully ruffled white flowers, with a yellow throat, 6 to 9 florets open at once on a huge spike. One of the most handsome new whites. Winning prizes wherever exhibited. 20c each; 3 for 50c; 6 for 85c; 12 for \$1.50.

MISS ALAMEDA—This is one of the finest Gladiolus ever created for it has every desirable quality. Deep salmon pink, with a harmonizing carmine throat; 18 huge flowers to a stalk, 6 or more open at once. Very early. 15c each; 3 for 35c; 6 for 60c; 12 for \$1.00; 100 for \$6.00.

MRS. E. J. HEATON—A new variety with a great future. Huge flowers of glowing salmon with a cream throat. A magnificent exhibition variety. 20c each; 3 for 50c; 6 for 85c; 12 for \$1.50.

MRS. S. A. ERREY—A huge flower of coral, overlaid with a feathering of orange-scarlet and a deep red spot at the throat. An Australian introduction of exceptional merit, producing flower stalks over 4 feet tall. 15c each; 3 for 35c; 6 for 60c; 12 for \$1.00; 100 for \$6.00.

RED PHIPPS—An improved W. H. Phipps, in a brilliant sparkling pink, overlaid scarlet. One of the finest cut flower varieties and my own choice of all the newer red tones. 15c each; 3 for 35c; 6 for 60c; 12 for \$1.00; 100 for \$6.00.

WUERTEMBERGIA—A dazzling fiery-red Gladiolus, with an attractive creamy white throat. Gorgeous blooms of mammoth size on tall stalks. 15c each; 3 for 35c; 6 for 60c; 12 for \$1.00; 100 for \$6.00.

Tigridia Pavonia (Mexican Tiger Flower)

(Also known as Mexican Shell Flower)

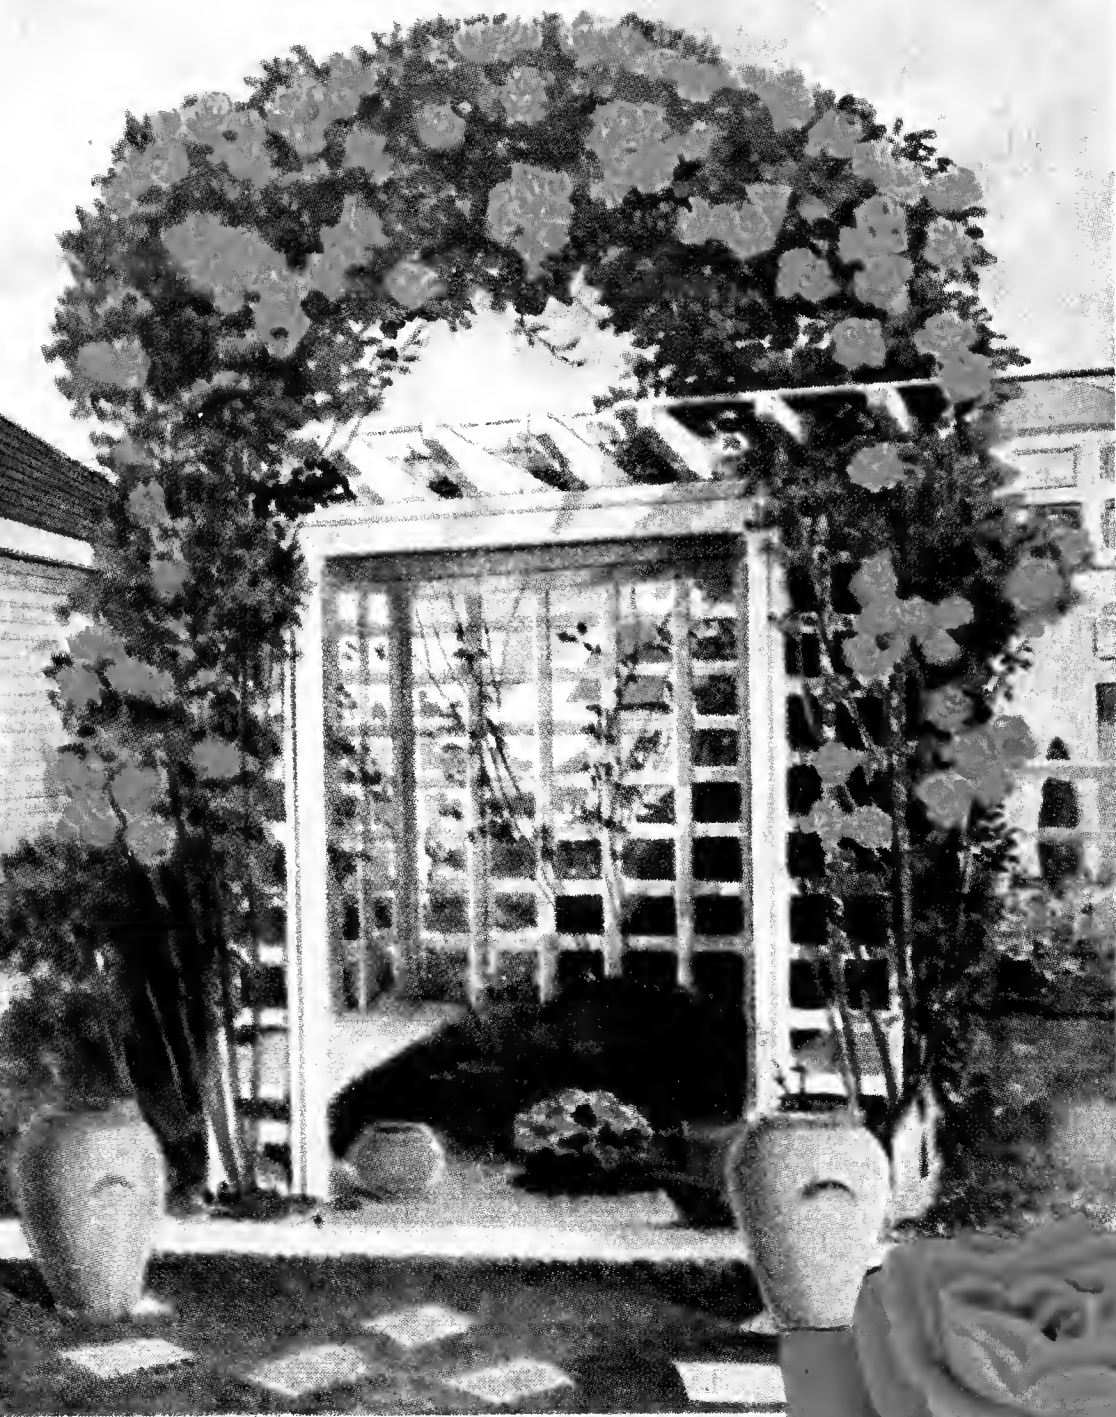

These very rare and marvelously beautiful flowers are of the most exotic appearance and never fail to attract attention. Those I am offering this year are the most marvelous hybrids in the world of this unusual and very showy flower. There is only one satisfactory way to grow them—from bulbs.

The colors of these unusual hybrids range from soft yellow to deep orange and from soft pink to red, scarlet and crimson tones. There is also a pure snow white. Some are solid colors and others have beautiful leopard-like spots at the throat, those with spotted throats predominating. Plant in the Spring and enjoy their loveliness all summer.

Four Sensational Everblooming

Everblooming Climbing Talisman Rose

Climbing Talisman

The illustration at the left was made from an actual photograph of two Climbing Talisman Roses growing over an archway. Can you imagine anything more delightful? And the individual flower in the centre of the page, which is **less than one quarter actual size**, gives but a slight idea of the great beauty of this rose. The large double flowers are identical in form and color with the bush form, but even larger and more handsome, and this is saying a great deal, for no rose has ever approached the popularity of the Talisman rose as a cut flower. And in addition to this, the Climbing Talisman Rose is a real ever-bloomer, being constantly in bloom from June until killed by frost. The plants furnished will be all extra strong number one field grown, two year old plants.

**\$1.00 each; 3 for \$2.50; 6 for \$4.50;
12 for \$7.50**

Everblooming Climbing Red Radiance Rose

This is exactly the same as the Everblooming Climbing Radiance Rose described on the next page, in form, vigor, habit of growth, and all other good qualities, but the color is a rich, deep, American Beauty Red. There never have been more dependable everbloomers, more rugged growers, or more desirable roses than the Radiance Roses, which I am now pleased to be able to offer in climbing form. The illustration at the right is greatly reduced, the rose being large, very double, perfectly formed and extremely fragrant.

(Plant Patent No. 1)

See color illustration below. A very lovely soft pink Climber, and a real ever-bloomer. Every plant in my Exhibition Gardens this past season was constantly in bloom all summer long right up until killed by frost. AWARDED THE BLOOMFIELD MEDAL FOR THE BEST NEW CLIMBING ROSE BY THE AMERICAN ROSE SOCIETY IN 1935, this being the first time this Medal has been awarded. A robust grower and constant bloomer. **\$1.50 each; 3 for \$3.75.**

Everblooming Climbing Radiance Rose

For many years the famous "Radiance" Rose has been the standard by which all other Hybrid Tea Roses are judged as to vigour, freedom of bloom, hardiness, and general desirability everywhere. It is a magnificent, large, exquisitely fragrant true pink flower, of perfect form and always loaded with blossoms. No rose has ever equalled the Radiance Rose for all these desirable qualities; for which it was AWARDED A SILVER MEDAL BY THE AMERICAN ROSE SOCIETY. NOW WE ARE ABLE TO OFFER YOU THE EVER-BLOOMING CLIMBING FORM, WITH ALL THESE DESIRABLE QUALITIES PLUS A MUCH GREATER PROFUSION OF BLOOM. WHY HAVE A ROSE THAT BLOOMS JUST ONCE, WHEN YOU CAN HAVE THE FINEST ROSE IN THE WORLD, ALWAYS IN BLOOM, AT SMALL COST. See color illustration above, which, of course, is greatly reduced in size. This illustration was made from an actual photograph. **\$1.00 each, 3 for \$2.50; 6 for \$4.50; 12 for \$7.50.**

ALL PRICES ON THESE TWO PAGES ARE DELIVERED ANYWHERE IN THE UNITED STATES REGARDLESS OF THE AMOUNT OF THE ORDER, ONLY EXTRA STRONG, TWO YEAR OLD "CREAM QUALITY" BUSHES WILL BE SENT OUT ON ALL ROSE ORDERS.

"Cream Quality" Climbing Roses

Blaze

PLANT PATENT
NO. 10

PAUL'S SCARLET CLIMBER—A strong grower and profuse bloomer with flowers similar to Blaze; illustrated above. 75c each; 3 for \$1.75; 6 for \$3.00.

GOLDEN ORANGE CLIMBER (Patent Pending)—Another new climber and a flower of great refinement. Large, semi-double, informal, crinkled flowers of pure yellow to light cadmium orange, stippled and splashed with orange-scarlet. Very rich China Tea fragrance. Superb as a cut flower and magnificent on the trellis. \$1.50 each.

SPANISH BEAUTY (Mme. Gregoire Staechelin)—Very large, delightfully fragrant, fully double, beautifully formed pink flowers, with vivid crimson buds. An abundant bloomer and one of our best climbing Roses both as a garden subject and for cut flowers. Vigorous grower with large leathery foliage. 75c each; 3 for \$1.75; 6 for \$3.00.

JACOTTE—A superb Rose which I originally imported from England, with peach, pink and coral tones, exquisitely blended, with shiny, glossy "polished" foliage all Summer. Delightful fragrance. Canes 15 feet or more. 75c each; 3 for \$1.75; 6 for \$3.00.

CLIMBING AMERICAN BEAUTY—Produces flowers by the hundred. I have counted over 500 on one bush, each a superb cut flower. Color American Beauty Red. 75c each; 3 for \$1.75; 6 for \$3.00.

MARY LOVETT—A vigorous double, fragrant, snow white climber, sometimes produces a second crop of flowers in September. The best white climber. 75c each; 3 for \$1.75; 6 for \$3.00.

BLAZE CLIMBING ROSE (Plant Patent No. 10)—See color illustration at left. A sport of Paul's Scarlet Climber, with all its beauty, hardiness, vigour and profusion of bloom, but with a tendency to produce two or more crops a year in some localities when fully established. One of the most showy of all climbers. \$1.00 each; 3 for \$2.50.

GOLDEN GLOW (Patent Pending)—A sensational pure deep spectrum yellow climber of hybrid tea type, with such intense freedom of bloom that the foliage is literally hidden by the flowers when it is in bloom. It is a great improvement over the Golden Climber in profusion of bloom and intensity of color. Huge perfect double flowers up to 5 inches, superb as cut flowers, and borne in clusters up to 15 or more to a cluster, one cluster often making a large bouquet. Very fragrant, hardy and disease resistant. Be the first to have this new Rose in your community. It will be a sensation. Number one, strong 2 year old "Cream Quality" field grown plants. \$1.50 each.

GOLDEN CLIMBER ROSE (Mrs. Arthur Curtis James) Plant Patent No. 28. The color illustration below gives but a very faint idea of the great beauty of this magnificent Rose, for it is a perfectly gorgeous flower of Hybrid Tea Type, four to five inches in diameter, perfectly double, and of fine form. It was the winner of the Gold Medal awarded by the Massachusetts Horticultural Society. It also had the great distinction of being the winner of the American Rose Society's Medal for the Best Rose of 1933. It is a pure deep yellow climber, the flowers usually being produced one to an 18-inch stem, making them ideal for cutting. It has hardy, glossy foliage and ornamental red thorns on rich green wood. The flowers are exquisitely fragrant. The plant is a rugged grower and is hardy in severe sub-zero weather. It is the Yellow Climber that Rosarians have been looking for. Must be planted in full sun for best results. \$1.00 each; 3 for \$2.50.

PLANT PATENT
NO. 108

WHITE BRIARCLIFF, Plant Patent No. 108—See illustration above. The supreme white Rose, of perfect form and pure glistening white. The best white Rose to date for all purposes. Hardy and a continuous bloomer. **\$1.50 each; 3 for \$3.75.**

COUNTESS VANDAL, Plant Patent No. 38—See color illustration on front cover. A constant bloomer and a flower of indescribable beauty. One of the most lovely of all Roses. **\$1.00 each; 3 for \$2.50.**

RHEINGOLD, Plant Patent No. 138—A jewel among yellow Roses. A free-blooming, exquisitely fragrant, delightful double yellow Rose that is hard to beat. See cut below. **\$1.00 each; 3 for \$2.50.**

Rheingold

In purchasing these new patented Hardy Hybrid Tea Roses, you may be assured that you will have in your garden the finest Roses created to date, as well as the newest. Newness is assured because no plant patents were issued prior to 1930. Superb quality is certain because no plant patent is issued excepting to something new and distinct, or a sufficient improvement on those varieties already in existence to justify issuing a patent as something new and distinctive. **When you buy a patented Rose, you not only buy a "new" Rose, but something superior to anything previously in existence.**

Only the very finest, No. 1 strong Field Grown, two year old plants will be furnished, such as should fill your garden with an abundance of blooms all Summer long. There are no finer plants grown than those that I will furnish.

Ronsard

RONSARD, (Plant Patent applied for)—A new type of Rose of the most astonishing coloring. The bud is pure yellow, but the edges of the petals gradually curl back and display the deep scarlet-red inside color; the fully open Rose showing the two-tone effect as shown in the above illustration. The flowers are produced in great quantity throughout the season. **\$1.50 each; 3 for \$3.75.**

MATADOR, Plant Patent No. 170—I am sorry I did not have space to illustrate this marvelous new dark rose. It was illustrated on the front cover of my catalogue last spring and is one of the most marvelous roses ever produced. The flowers are of huge size; it is very fragrant; the petals are of a heavy kid-like substance; with a dark lustrous silky sheen and an extremely rich color. It is a rose that leaves nothing to be desired. **\$1.50 each; 3 for \$3.75.**

"Gold Medal"

THE BEST OF THE NEW HARDY TOP SIZE "CREAM"

I consider this the finest collection of New Hardy Everblooming Hybrid Tea Roses that it is possible to get together at any price. There is nothing better, either as to variety or quality of plant furnished. The varieties in this group have been the recipients of scores of Medals, Cups and Awards. In fact, in reading over this list, one might get the impression that Medals and Awards are offered quite generously, but such is not the case. Medals and Awards are given to comparatively few Roses, but this just happens to be that sort of a collection, as the name "GOLD MEDAL COLLECTION" implies.

I could furnish these same Roses for less money if I were willing to send out less desirable plants, but I am not. Each bush sent out will be selected for quality, and each will be an extra strong, strictly number one quality, two year old, field grown plant, with heavy root system, ready to flower all Summer long in your garden. These "Cream Quality" Roses are selected with such care that, in a field of two year old Roses, only about one out of every three is chosen. Any Roses selected from this group will therefore be "The Cream of the Crop."

Place your order early for best results. Planting and cultural directions will accompany all shipments.

The Cream of the World's Best Decorative Dahlias

Jersey's
Beauty

The many complimentary letters I have been receiving from purchasers are most gratifying and show that Wayman plants and bulbs are constantly winning prizes in City, State and National Flower Shows and in City Wide Garden Contests everywhere.

Jersey's Beauty still holds the lead as a cut flower and it is said that American florists sell more Jersey's Beauty than all other varieties combined. As a show flower Jane Cowl has never been surpassed, even by new introductions put out annually at \$5.00 and \$10.00 each. This list is made up of Decorative Dahlias of this type. All are of exquisite beauty. Some will produce flowers from ten inches to a foot across. You will be delighted with this magnificent collection. Order full collections at the bottom of the page, or make your own selection at the prices indicated.

BEAUTY SUPREME—This new variety is identical with Jersey's Beauty illustrated on this page, excepting for color, which is an enchanting bluish-lavender. 35c.

CITY OF TRENTON—A ten inch bloom, four inches thick in a delightful bright apricot, suffused gold, with the reverse showing considerable rose tone. 35c.

DOROTHY STONE—A magnificent large brilliant pink that sold in 1932 for \$5.00 for a single root. Now 35c.

EDITH GILLE—A new sport of Jersey's Beauty and one of the best of all Dahlias. Color deep bluish lavender. 35c.

ELLINOR VANDERVEER—An incomparable Dahlia of exquisite beauty and immense size. Color glowing lavender-pink. 25c.

EL TOREADOR—An outstanding brilliant red variety. Very large flowers. A great cut flower variety. Lasts a long time when cut. 25c.

FORDHOOK ERECTA—Very large flowers of bright amaranth pink on tall straight stems. Awarded a Certificate of Merit. 35c.

FORDHOOK MARVEL—Peach red, shading to strawberry pink. A fine flower in delightful colors. Awarded a Certificate of Merit. 35c.

FRANCIS LAROCCO—One of the finest. Clear crystalline yellow. Always loaded with flowers. 25c.

JANE COWL—Monster flowers of glistening bronzy-buff and old-gold, deeper towards the center. Reverse pale flesh. A magnificent variety that has won prizes everywhere. No Dahlia has ever surpassed Jane Cowl. 25c.

JERSEY'S BEACON—One of the finest of all Dahlias. Of gigantic size and unusual Chinese Scarlet coloring. Sometimes nearly a foot across. 25c.

JERSEY'S BEAUTY—(See color illustration) The most popular of the decorative Dahlias. Magnificent in the garden and a great favorite of the florists for cut flowers. 25c.

J. H. ALEXANDER—Immense flowers of rich velvety purple. Very fine. 25c.

KENTUCKY—A magnificent sport of Jersey's Beauty, with flowers of salmon-pink, shading to orange. Extra fine. 25c.

KISS ME—A sensational new red and white bi-color with vivid red flowers, tipped snow white. A magnificent cut flower variety. 35c.

MRS. I. D. VAN WARNER—A deep cattleya-orchid color. A fine exhibition variety and excellent in the garden. 25c.

OMAR KHAYAM—Gigantic flowers, Chinese Red at the base, shading to bright orange and tipped lighter. A great beauty. 35c.

ROSE FALLON—Very large flowers in a lovely blend of amber, russet, bronze and salmon. 35c.

SAGAMORE GOLD—A great improvement on Sagamore, being a pure golden yellow. A thrifty and vigorous grower. 35c.

SALMON SUPREME—A late flowering sport of Jersey's Beauty, with all the good qualities of Jersey's Beauty, but in a lovely deep salmon shade. 35c.

THOMAS A. EDISON—Rich royal-purple. Named for the famous electrical genius with his consent. Sold in 1932 at \$5.00 a plant. A magnificent flower. 25c.

WHITE KING—The world's finest and largest white. Gigantic flowers on strong straight stems. Superb as a show Dahlia. 35c.

"Tom Thumb" Pompon Dahlia Collection

This collection consists of 10 lovely little Pompon or Baby Dahlias. These are delightful miniatures, two inches or less in diameter, yet perfect in formation. The quilled petals are set close and the flowers are well rounded.

The Pompons are especially liked for cutting. Their modest size and exquisite daintiness make them especially suitable for table decoration. Each plant produces great quantities of flowers.

The colors are lilac, scarlet, yellow, white, pink, purple, crimson, lavender, orange, etc., in solid colors, striped and blended effects. Each collection will be made up to give you a nice color assortment, no two alike, and will contain only the choicest varieties of Pompons in the world, as I sell nothing but the latest and best. I have a magnificent group of Pompons this year, the finest I have ever offered. I wish I could describe the dazzling array of beauties that will go into this collection, but space will not permit. All will be carefully labelled.

"Desert Glory" Cactus Dahlia Collection

The Cactus Dahlias are a distinct type, having a great many very narrow petals. In some varieties the petals are straight, in others twisted, and in still others incurved or recurved. They are among the most attractive and artistic of all Dahlias and this collection will contain some of the very finest of them. Some of the flowers will measure ten inches across.

For added interest, and variety, I will include one or more hybrid cactus types, sometimes called Informal Decoratives. They have flat petals, slightly twisted at the tips and are interesting for their great beauty of color and form.

This collection is absolutely essential to a well-rounded Dahlia display. It will give variety and interest in your Dahlia planting, and they are excellent as cut flowers. The colors range through salmon, pink, primrose yellow, pale lemon, old rose and gold, deep maroon, lavender, crimson, purple, and other beautiful tones. I guarantee a good range of colors in every collection.

All the varieties in this collection will be unusually handsome and distinctive. All will be carefully labelled, no two alike.

Giant Flowered Cannas

PLANT YOUR CANNAS EARLY FOR BEST RESULTS

One of the most striking attractions of my Exhibition Gardens this summer was a bed of the pink Cannas illustrated on this page. Everyone who saw them enthused about them and marvelled at their great beauty, luscious color, huge size of blossoms and freedom of flowering. Any of these modern varieties will be equally attractive and it is just a matter of selecting the color you like. **But you should order and plant them early** to enjoy the full benefit of their great beauty.

The quantity of flowers produced is amazing, each plant continuing to send up one flowering stalk after another right through Summer and Fall until the tops are killed by frost. Then they should be dug and stored for the Winter like Gladiolus. One flower stalk of any of the following varieties will make a huge bouquet. Read the brief descriptions below, and place your order early.

Korean Chrysanthemums

This new race of Single and Semi-double Chrysanthemums is one of the greatest of recent horticultural achievements. Each plant is literally covered with hundreds of flowers in new and delightful colors and many huge bouquets may be cut from a single plant. Nothing is more showy in the Fall Garden, and as cut flowers they are superb, lasting a long time when cut. These Korean Chrysanthemums were developed from a Chrysanthemum Species discovered in Siberia, where they must have a rugged, robust constitution, to endure the arctic climate, therefore they are especially suited to extremely cold climates and are hardy anywhere.

APOLLO—Produces a great profusion of flowers, with a triple row of petals, in an unusually handsome new bronzy red tone.

CERES—Each plant produces great armsful of exquisitely fragrant flowers of a very lovely soft chamois tone, with deep yellow center.

DAPHNE—Large flowers of Daphne pink, with prominent yellow centre. One of the best. Prodigious bloomer.

MARS—Strikingly beautiful and brilliant amaranth red to vivid scarlet, a color never before found in Chrysanthemums and one of the most brilliant of all colors.

MERCURY—Large soft rose flowers, the first to bloom and one of the most popular.

VULCAN—A delightfully fragrant garnet-crimson, changing with age to bronze crimson.

Hardy Double Chrysanthemums

This very fine group of flowers is indispensable in the garden due to their brilliant blossoms coming in late autumn, when other plants have finished flowering. The varieties listed below include the newest and finest introductions to date. They far surpass the older types in size, form, profusion of bloom, and magnificence of colors and are unsurpassed as cut flowers. The collection listed below contains a wide color range and flowering season.

EARLY BRONZE—An unusually beautiful early flowering bronze, blooming profusely from September until frost.

GRANNY SCOVILLE—Huge flowers of clear glowing coral bronze. One of the most striking and finest of all. Flowers from early October until heavy frost.

JEAN CUMMINGS—Best large flowering pure white. Excellent as a cut flower or garden subject.

OHIO GOLD—Fully double golden orange-yellow. Early flowering, from September until late fall. Prodigious bloomer.

PROVENCE—Early low growing soft pink, fading to white with yellow centre. Very free flowering.

RUTH CUMMING—Rich reddish-bronze, with terra-cotta shades. Never fails to attract attention.

12 GORGEOUS SUMMER BLOOMING JAPANESE IRIS FOR \$3.00

All Different, Each Plant Labelled

Each collection will include Nishiki-Yama, which is illustrated at the left, a \$1.00 variety. The illustration of Nishiki-Yama is of course very greatly reduced, as **the flowers of this and other varieties in this collection are as large as a dinner plate.** These gorgeous beauties are the showiest of all Iris and produce a marvelous color display just when flowers in the garden are scarce, as they do not begin to flower until after the other Iris have finished blooming. This collection will be personally selected by me, and planned so as to give you a complete color range. No two will be alike and all will be separately labelled. They are prodigious bloomers and hardy anywhere. Spring is the best time to plant them.

12 SUPERB SIBERIAN IRIS \$2.00

All Different, Each Plant Labelled

This collection will include the variety "Caesar", illustrated at the right, which sold a few years ago at \$25.00 for a single plant. This illustration does not begin to show the great beauty of the flower, as there is a brilliance and intensity of color and velvety texture that cannot be duplicated on paper. Several other varieties in this collection sold recently for \$5.00 to \$10.00 for a single plant. **This is the finest set of Siberian Iris** obtainable anywhere in the world at any price. They are prodigious bloomers, a single plant soon forming an established clump which will produce 50 or more flower stalks in a single season. They are superb as cut flowers and furnish a great mass of color in the garden. They are the easiest of all Iris to grow and may be planted anywhere, either in full sun or partial shade. Devote a spot in your garden to these lovely Siberian Iris. They will fill it with beauty. Spring is the time to plant them.

ALBERT LEO SCHLAGETER—There is no other Phlox to approach this magnificent new variety in beauty, brilliance, purity of color and length of flowering season. The color is a true, brilliant, American Beauty Rose Red, with a deeper red eye and with no other color or tone to mar it. The illustration does not show half the brilliance of the flower itself. The individual florets are large and the trusses are immense, and so profusely produced as to entirely hide the plant. Unquestionably the best red by all odds, producing a vivid spot in the garden that attracts attention from all directions. FLOWERS FROM JUNE UNTIL KILLED BY FROST. Extra strong two year old plants. **50c each; 3 for \$1.25; 12 for \$4.00.**

B. COMTE—Very rich velvety deep purple. Generally considered the best purple. An intensely vivid, brilliant color.

BEACON—Brilliant cherry red. One of the best.

CAROLINE VANDENBURG—A dual personality. During June and July it will rate "tops" as a "true purple" by the color chart. Later, when the weather is cool (or in warm weather if cut and taken indoors), it changes entirely and then becomes an attractive lavender shade. Large and very attractive in both stages.

COLUMBIA—Plant Patent No. 118. See color illustration. The finest pink Phlox ever grown. Each plant quickly produces many flowering stalks, literally covered with masses of beautiful cameo pink flowers, with a soft blue eye. Continuously in bloom from June until killed by frost. **40c each; 3 for \$1.10; 12 for \$3.50.**

Hardy Phlox

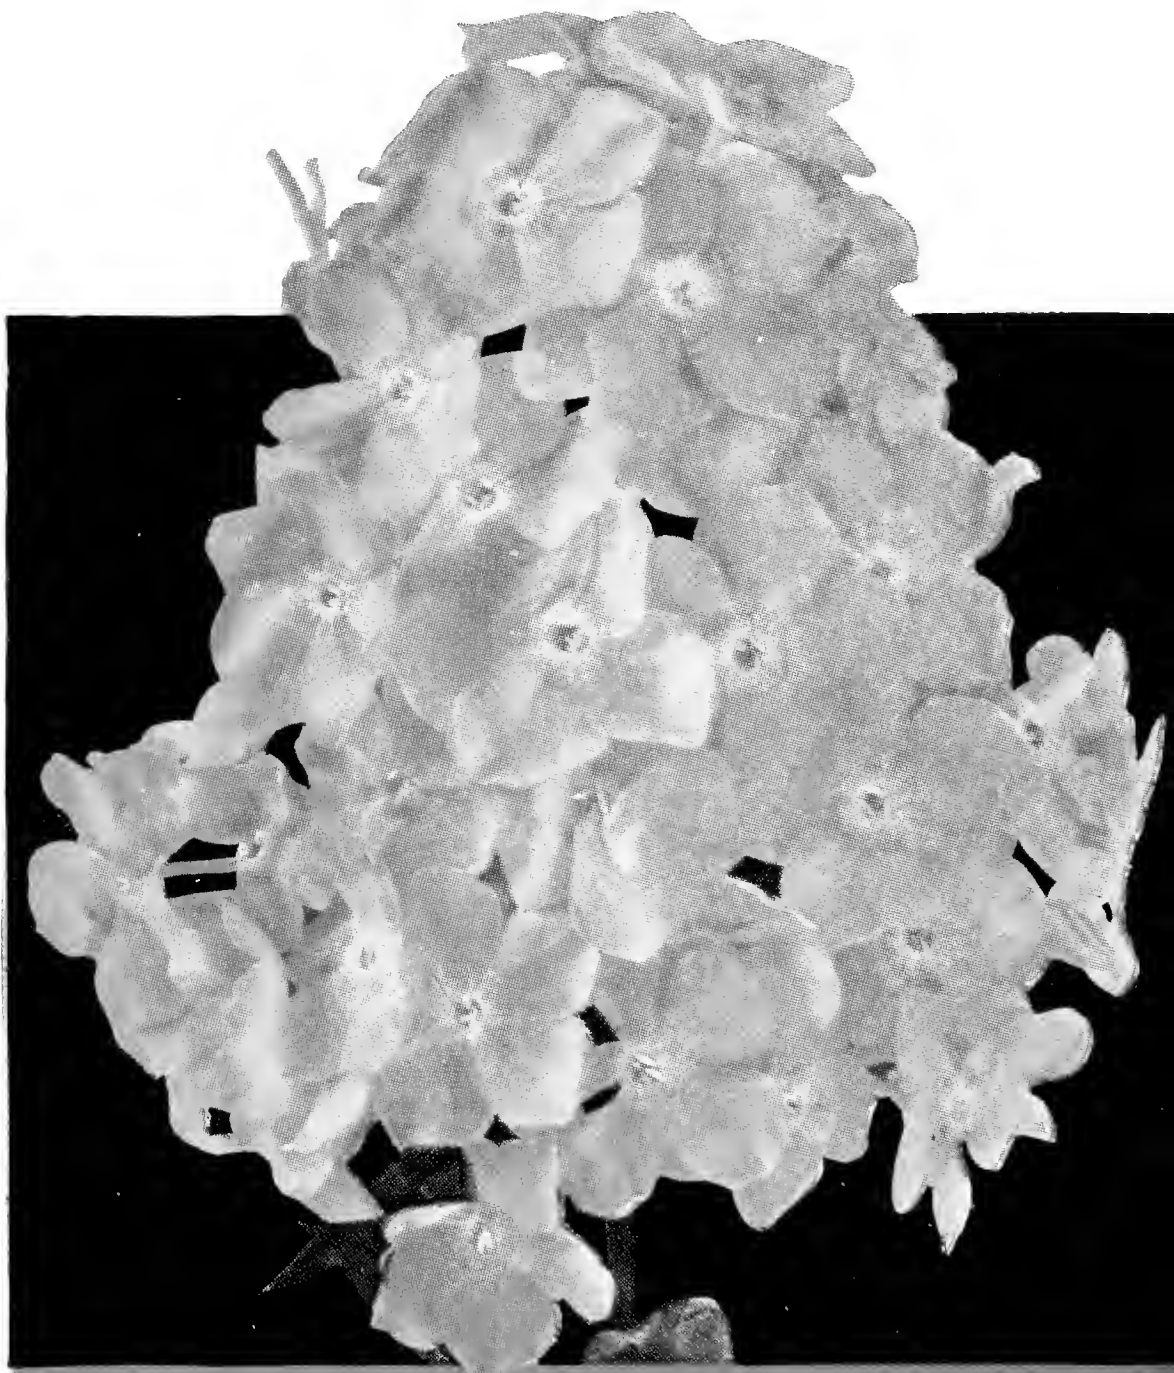

Indispensable for Masses of Color in the Midsummer Garden . . . Many Marvelous New Varieties and New Shades Now Available

This choice collection of Phlox contains all of the newest and best varieties introduced to date both in this country and abroad. No worth-while variety is omitted unless its place is filled by something even better. The modern Phlox contain clearer and purer colors, larger flowers, in huge trusses, one of which will often make a bouquet; and bloom from June to October. No flower is easier to grow or more showy. All are rugged growers and free flowering and are moderately priced. You cannot afford to be without these newer Phlox in your garden, as they will produce masses of color in midsummer when flowers would otherwise be scarce.

Phlox — COLUMBIA

The Newest and Best

BRIDESMAID—A very lovely white, with deep crimson-carmine eye. Late flowering.

DAILY SKETCH—One of the finest of the new introductions. Very large individual florets and tremendous flower heads of a lovely shade of pink, with a deep crimson center. Height 32 in. A striking variety that attracts attention from all parts of the garden.

E. I. FARRINGTON—One of the finest new salmon shades. Somewhat similar to Columbia, but larger and taller and slightly deeper, with a bright violet eye.

ELIZABETH CAMPBELL—One of the best known and most admired of all Phlox. Soft salmon-pink with lighter tone towards the center. Considered by many as best in its class.

ENCHANTRESS—My own choice of all the deep bright pinks, being somewhat similar to Columbia, but more colorful and different. The color is deep water-melon pink, with a vivid red eye, which is surrounded by a light sunburst. Very large flowers.

F. G. VON LASSBURG—One of the finest whites. Large trusses of pure snow-white.

FIREBRAND—One of the most brilliant Phlox known, being a new brilliant scarlet to vermillion, with somewhat deeper eye. Large florets.

GEN'L VON HUERTZ—An extra fine variety of salmon-red, flushed rose.

GEORGE STIPP—A new variety with very large individual blooms and clusters of glowing salmon.

HAUPTMANN KOEHL—Large, compact trusses of deep rich ox-blood red. A magnificent variety.

INNOCENCE—Late blooming. Large flowers of pure glistening snow-white. Very tall. 42 inches.

LOTHAIR—You will like this very lovely vivid crimson variety.

MME. F. CARPENTER—A fine, low growing, early pure white.

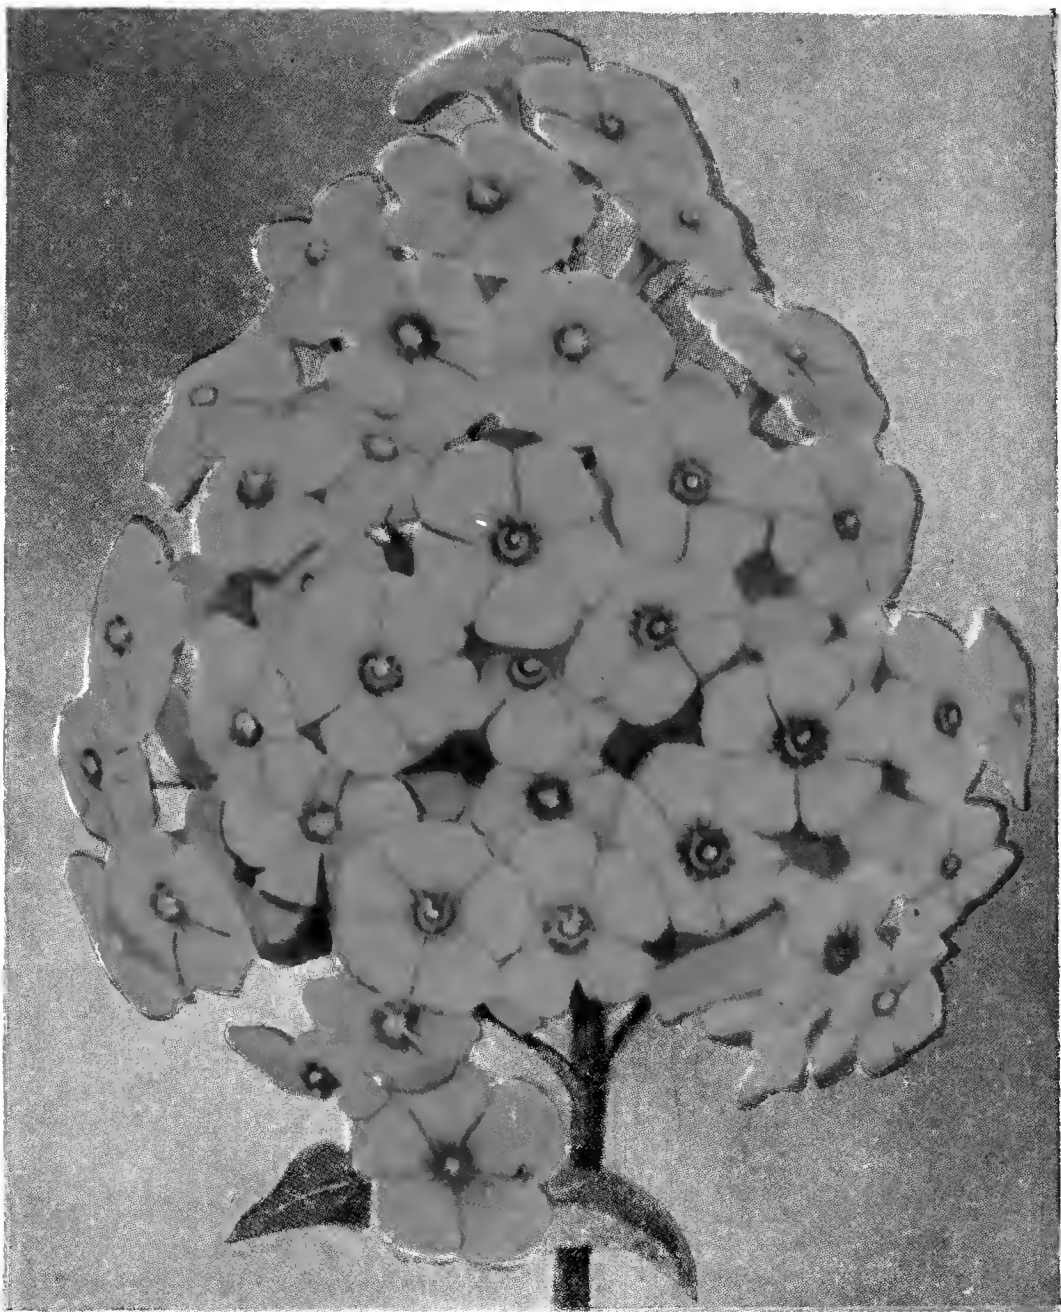

MISS LINGARD—A very early flowering variety. Color pure white with a pink eye. The best early white and a profuse bloomer, producing two or three crops of flowers.

MORGENROOD—A very distinct novelty, with large clusters of bright rose flowers, with a deeper eye.

MRS. CHARLES DORR—A most unusual and very delightful shade of soft lavender-pink, the flowers being produced in great profusion. No other Phlox like it.

MRS. FRYER—Large midseason pure snow-white. One of the best.

MRS. WILLIAM JENKINS—A very profuse blooming and delightful late flowering snow-white variety.

Albert Leo Schlageter

PAINTED LADY—This is one of the most attractive Phlox I have seen, with large flower heads of very soft pink, with a brilliant Tyrian-Rose eye in striking contrast.

PECHEUR D'ISLAND—One of the rarest of all tones in Phlox, an exquisite shade of lavender.

P. D. WILLIAMS—A new novelty with enormous flowers in great trusses of soft apple-blossom pink with deeper center. Flowers constantly all Summer and Fall. One of the best of the new introductions. 50c each; 3 for \$1.25; 12 for \$4.00.

RICHARD WALLACE—Very tall, 42 inches. White, with a deep red eye. A very profuse bloomer and a magnificent variety.

SIR EDWIN LANDSEER—A very fine light-crimson toned variety.

SUNSHINE—A deeper, brighter salmon pink and a larger flower than Columbia, with a red eye.

THOR—An ever-popular pink, overlaid with a scarlet glow and a small analine-red eye.

WIDAR—This very lovely lavender Phlox, illustrated in color, is one of our most beautiful and unusual varieties.

WINEDOT—A magnificent white, with a prominent eye of Chinese Violet. Perhaps the best of this type.

Gems for the Rock Garden and for Small Beds and Margin Planting

I present here a small but select list of Hardy plants especially suited to the small rock garden, or for small beds, for edging purposes, or for planting along walks or paths. In fact, for any location where low growing plants are desirable. Once planted they will take care of themselves, reappearing with a greater profusion of flowers each successive season. For a permanent planting, try the group listed on this page.

1—Aquilegia

AQUILEGIA (Columbine)—15 to 18 in. Every gardener loves the dainty Columbines. The long-spurred Hybrids I am offering are a great improvement over the older varieties. There is a wide range of delicate soft colors and rich pastel shades. Large, healthy, 2-year old field grown plants. **3 for 75c; 6 for \$1.25; 12 for \$2.00.**

HARDY CARNATIONS IMPROVED CRIMSON KING—This is by far the finest of all Hardy

Carnations, flowering perpetually throughout the entire Spring, Summer, and Fall. The color is a dazzling crimson and the stems are long enough to make it suitable for cut flowers as well as an excellent garden subject. **3 for \$1.25; 6 for \$2.00; 12 for \$3.50.**

CHRISTMAS ROSE (Helleborus)—This very rare and unusual plant produces its white flowers during the Winter months, beginning in December and flowering more or less all Winter regardless of snow or freezing weather. Its leathery foliage is evergreen and will withstand sub-zero weather. Prefers a damp shady spot. **Strong Plants. \$1.00 each; 3 for \$2.75; 6 for \$5.00.**

MINIATURE DAYLILIES

The following Miniature Daylilies are all ideal for the rock garden, either in full sun or semi-shade. The foliage is grass-like and the flowers are charming. All are of the easiest culture. Height about 12 to 18 inches.

DUMORTIERI—Rich deep orange Daylily. May, June. **50c.**
GRACILIS—Dainty lemon yellow Daylily. May, June. **50c.**
MINOR—A pleasing primrose yellow Daylily. June. **50c.**
ORANGEMAN—Very early. Medium yellow Daylily. **50c.**

DIANTHUS GRANITICUS—6 to 8 in. A very lovely, symmetrical, low growing Dianthus of rather dense growth, smothered with myriads of attractive tiny pink, red and white flowers. Assorted colors only. **35c. each; 3 for 85c.; 6 for \$1.50; 12 for \$2.50.**

DIANTHUS DELTOIDES BRILLIANT—Similar to above, in one color only, a glowing crimson red. **50c. each; 3 for \$1.00; 6 for \$1.75; 12 for \$3.00.**

ROSA ROULETTI—(A true Miniature Rose)—This lovely miniature Rose is ideal for the rock garden North or South, as it stands any degree of sub-zero weather, as well as the heat of the tropics. Popular a century ago, it was completely lost to commerce until recently rediscovered grow-

ing in a window box in Switzerland by M. Correvo, the famous plant collector. The tiny deep pink flowers are fully double, about an inch in diameter, and borne profusely from early Summer until killed by frost. The equally tiny leaves are also very ornamental. It grows only 6 to 12 inches tall, depending upon the richness of the soil, and about the same width. Once planted, it requires no further care. A real gem. **75c. each; 3 for \$1.50.**

MINIATURE BEARDED IRIS

Flower in April and May on Long Island—earlier in the South. The following varieties are all fine.

BETSY PRESBY—6 in. Best deep yellow. **15c.**
BRIDE—6 in. Best pure white. Rose fragrance. **15c.**
COERULEA—6 in. Lovely soft sky blue. **15c.**
CURIOSITY—6 in. Greenish yellow, overlaid violet. Curiously beautiful. Exquisitely fragrant. **15c.**
CYANEA—6 in. Rich crimson purple. Very fragrant. **15c.**
DR. CRENSHAW—6 in. A new burgundy wine shade. **35c.**

1 each above 6 Varieties, \$1.00; 3 each \$2.25; 6 each \$3.50.

OTHER MINIATURE IRIS

Flower during May and June on Long Island. They completely cover the ground with their exquisite flowers, leaving a grass-like foliage for the balance of the season.

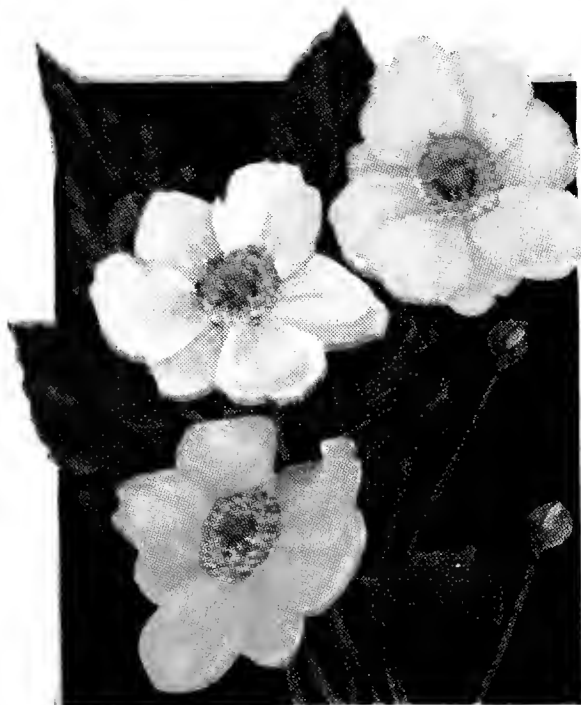

CRISTATA—4 in. Dainty soft amethyst-blue. **Crabapple fragrance.** Prefers partial shade. **20c.**
CRISTATA ALBA—4 in. Lovely white form of above. **50c.**
GRACILIPES—6 in. An exquisitely beautiful tiny pinkish-lilac Crested Iris from Japan. Prefers partial shade. **50c.**
GRAMINEA—10 in. **Very fragrant** reddish violet flowers of unusual and interesting form. **25c.**
TRICUSPIS—6 in. Very effective brilliant blue, resembling a miniature Siberian Iris. Prefers full sun. **50c.**
VERNA—6 in. Very fine rich blue, differing from all the others in shape. Prefers partial shade. **25c.**

1 each above 6 varieties \$2.00; 3 each \$4.25; 6 each \$7.50.

Choice Hardy Perennials

Anemone

I am presenting here an unusually attractive list of Hardy Perennials. It would be very easy to extend the list indefinitely, but I am confining the list to those items that I am sure flower lovers will be glad to have in their gardens. Hardy Perennials are easy to grow, requiring less care than annuals, or other garden plants. When once planted they can be depended upon to give a permanence to the garden by continuing to flower year after year with little care. With the addition of Perennials an everblooming garden may easily be created. Most of them are particularly useful for cut flowers. All are hardy anywhere and the plants I will send will all be large, healthy, two year field grown specimens, with masses of fibrous roots, ready to produce an abundance of flowers.

Perennials should never be planted singly, but for best effect should always be planted in clumps of several plants of a variety, or in masses.

ANEMONE "Queen Charlotte"—Fine Fall blooming plants for cutting and garden display. Flower from September until frost. These new varieties will grow 3 to 4 feet high in partial shade and will also do well in the sun. Queen Charlotte is a semi-double pink. 50c. each; 3 for \$1.25; 6 for \$2.00; 12 for \$3.50.

BLEEDING HEARTS (Dicentra Spectabilis)—See color illustration. This old-fashioned favorite, with graceful racemes of flowers, is a great delight in any garden, and will make itself perfectly at home anywhere. Extra Strong Clumps. 50c. each; 3 for \$1.25; 6 for \$2.00.

PLUMED BLEEDING HEART—The plumed foliage of this variety has a beautiful fern-like appearance, more handsome than the finest fern. Blooms all Summer and the foliage remains handsome until killed by severe freezing weather. Prefers semi-shade. 50c. each; 3 for \$1.25; 6 for \$2.00.

CANTERBURY BELLS (Campanula Medium)—2 ft. Extremely showy bell-shaped flowers in a lovely shade of blue; also snow white and an exquisite pink shade. These are so well known that no detailed description is necessary, but they are among the most attractive of our Hardy Perennials. The plants are of upright growth and literally covered with flowers which last several days when cut. 3 for 75c.; 6 for \$1.25; 12 for \$2.00.

CHINESE BELLFLOWER (Platycodon Grandiflora)—20 in. Very large deep blue bell-shaped flowers, the buds resembling an inflated balloon before they open. One of the most popular Perennials. Flowers all Summer. 3 for \$1.00; 6 for \$1.50; 12 for \$2.50.

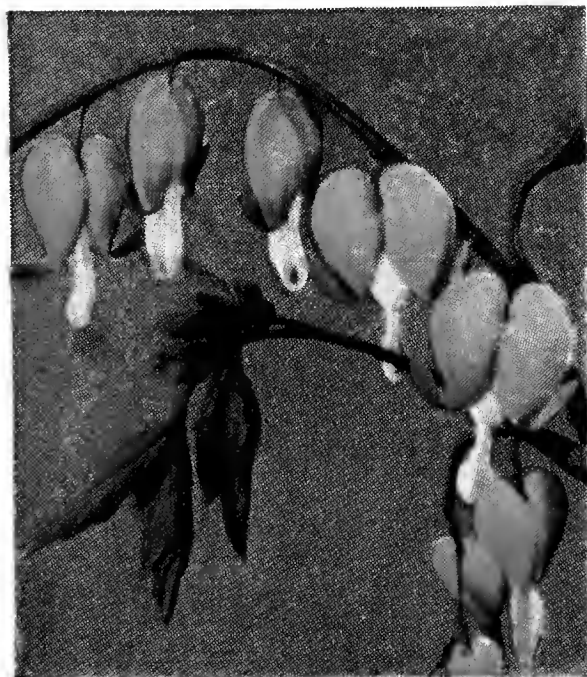

Hardy Ageratum

CORAL BELLS (Heuchera) "Rosamondi"—Graceful bell-shaped flowers of coral pink, 18 in. tall, above tufts of low growing foliage. Very popular and the best of Coral Bells. Fine for cutting. 35c. each; 3 for 75c.; 6 for \$1.25.

COREOPSIS ("Golden Giant")—A glorious new giant-flowered Coreopsis with flowers four inches in diameter, of perfect form, outstanding true golden yellow color and exquisite fragrance. A real acquisition for garden or cut flowers. 35c. each; 3 for 75c.; 6 for \$1.25; 12 for \$2.00.

EUPATORIUM COELESTINUM (Hardy Ageratum)—18 to 30 in. Those who are fond of the lovely blue Ageratum will surely find this hardy species even more enchanting. The plant is literally covered with true fluffy blue Ageratum flowers, from July until frost; the best of all it reappears each year without further attention after it is once planted. 3 for 75c.; 6 for \$1.25; 12 for \$2.25.

Bleeding Heart

DAISY ("White Swan")—Double. Something new and unusually beautiful. See illustration, page 31. Solid double pure snow-white flowers on good wiry stems from 18 to 24 inches long. Magnificent for cut flowers and for landscape or garden effect. 50c. each; 3 for \$1.25; 6 for \$2.00.

FUNKIA SUBCORDATA GRANDIFLORA—This rare and unusual Funkia has large exquisitely fragrant white flowers resembling Easter Lilies and almost as large, borne profusely all Summer long. The foliage is also ornamental. They are so hardy that they will grow anywhere in sun or shade with practically no care. Equally attractive in the rock garden or in a wild garden, or in the border or in a bed by themselves. 50c. each; 3 for \$1.00; 6 for \$1.50; 12 for \$2.50.

GIANT MALLOWS—3 ft. The illustration at the right is greatly reduced, the flowers being more than **Four Times The Size of This Illustration**. These New Improved Giant Mallows are truly of colossal size, being **as large as a dinner plate** and as handsome as they are large. They look much like huge hollyhocks, but the flowers are several times as large and the plants are more bushy. They flower profusely all summer long and require no care, being among the hardiest of all flowering plants. The extra strong roots I will send will flower the first year and grow larger and finer each year. Once planted they become a permanent fixture. Either in the home garden or in the wild garden their rugged constitution gives assurance that they will take care of themselves. There are three colors, red, pink, and white, and they can be furnished in any color desired, or assorted. **50c. each; 3 for \$1.00; 6 for \$1.50; 12 for \$2.75.**

BUDDLEIA HARTWEGI—The New Butterfly Bush. This new introduction, offered last season for the first time, is the finest of all of the Summer-flowering Butterfly Bushes. It is unsurpassed for beauty and usefulness, either as an effective garden subject or for cut flowers. The flowers do not fade and it opens to the tip before the basal flowers fade. The flowers are closely and compactly placed on the panicles. It is hardier than any other Butterfly Bush, requiring no protection. Strong plants will be furnished that should flower profusely the first year.

75c. each; 3 for \$2.00.

Giant Mallow

BUDDLEIA VARIABILIS WILSONI—This very lovely new Butterfly Bush produces **immense spikes of flowers sometimes 30 inches long**, of a bright rosy color with an orange eye. Flowers in September. Strong Plants.

50c. each; 3 for \$1.25; 6 for \$2.00; 12 for \$3.50.

BUDDLEIA "Ile De France"—Fine large flowers of deep rich glowing claret purple. Excellent as single specimens or for mass effect. Constantly in bloom. **The richest and darkest of all.**

50c. each; 3 for \$1.25; 6 for \$2.00; 12 for \$3.50.

DELPHINIUMS "GOLD MEDAL HYBRIDS"—See illustration at right. These hybrids produce huge spikes, often 4 to 5 feet high, studded with blooms. The flowers range through mauve, blue, purple and white. The plants I am offering this season should sell for \$1.00 each, but I have an extra fine large stock of them and am making a special price inducement that should appeal to all flower lovers. Sold in mixed colors only. **3 for \$1.50; 6 for \$2.50; 12 for \$4.00.**

Choice Hardy Perennials (Continued)

GAILLARDIA—18 in. See color illustration. Daisy-shaped orange yellow flowers, banded with red. Flower freely all Summer and Fall. 3 for 75c.; 6 for \$1.25; 12 for \$2.00.

GEUM "FIRE OPAL"—2 ft. A new dazzling rich scarlet variety with orange sheen, flowering freely from May to October; flowers 3 inches across. Excellent as cut flowers and showy in the garden. 50c. each; 3 for \$1.25; 6 for \$2.00; 12 for \$3.50.

GEUM "PRINCESS JULIANA"—2 ft. A splendid new Hybrid, with pure orange yellow flowers on long stems. Very free bloomer. 50c. each; 3 for \$1.25; 6 for \$2.00; 12 for \$3.50.

LYCHNIS CHALCEDONICA—3 ft. See color illustration. One of the most brilliant of our hardy plants, with vivid scarlet flower heads. Flowers all Summer. 35c. each; 3 for 85c.; 6 for \$1.50; 12 for \$2.50.

PAINTED DAISY "MIAMI QUEEN"—Magnificent double deep pink flowers, unexcelled in the garden or for cutting. All plants flower alike, as they are all root divisions of one original plant. The finest of all Painted Daisies. 75c. each; 3 for \$2.00; 6 for \$3.75; 12 for \$6.00.

PENSTAMON UNILATERALIS—30 in. A magnificent border plant and excellent as a cut flower. Each plant produces in June several spikes of opalescent blue flowers which last well when cut. 35c. each; 3 for 75c.; 6 for \$1.25; 12 for \$2.00.

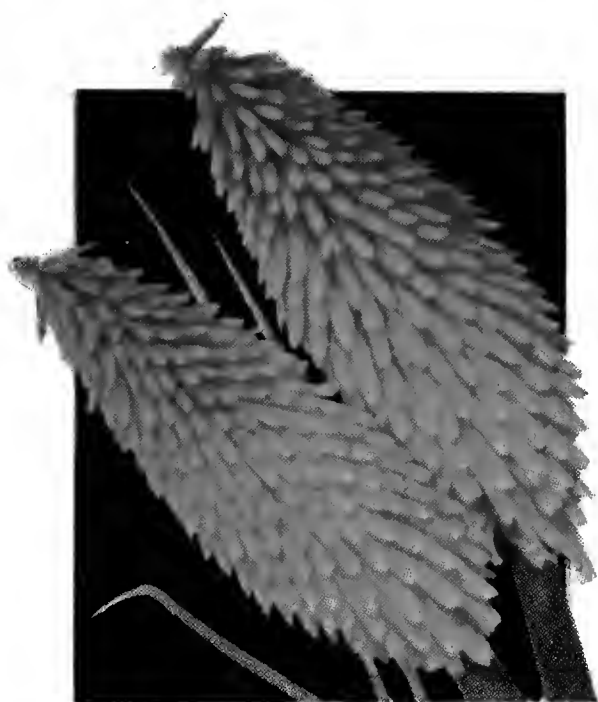

White Swan Double Daisy (see page 29)

RED YUCCA—You no doubt know the white Yucca, which produces its four foot spikes of white bell-shaped flowers, each a giant bouquet by itself; but you probably have never seen this new **RED YUCCA**. It is the same as the White Yucca, but with brilliant coral red flowers. The foliage is of tropical appearance and remains green all Winter regardless of sub-zero weather. Very rare. \$1.50 each.

SPIREA "PEACH BLOSSOM"—This very lovely Spirea has flowers of the most exquisite delicate peach blossom pink, with glossy ornamental foliage. 35c. each; 3 for 85c.; 6 for \$1.50; 12 for \$2.50.

HARDY SWEET PEAS (Lathyrus)—The flowers are quite as handsome as the annual Sweet Peas, but once planted these hardy Sweet Peas will take care of themselves, coming up each year with little or no care. For covering a low trellis or fence there is nothing finer. The vines die down during the Winter and make new growth each Spring and Summer. The plants are of such rugged growth and so much branched that each plant will cover several feet of fence or trellis. The flowers grow in clusters, one cluster being sufficient for a corsage bouquet, and the plants are covered with these clusters of delight-

Tritoma

ful red, pink and white flowers all Summer long. The flowers on each plant, of course, are of one color, and the plants are sold in mixed colors only. 50c. each; 3 for \$1.00; 6 for \$1.50; 12 for \$2.50.

THALACTRUM GLAUCUM (Meadow Rue)—Ornamental blue gray foliage with large heads of exquisitely fragrant fluffy Chinese yellow flowers. 50c. each; 3 for \$1.25; 6 for \$2.00; 12 for \$3.50.

TRITOMA HYBRIDS—See color illustration. These hybrids include pale yellows to deep orange and scarlet. They are very showy and effective in the garden when planted in masses of 6 or more. 50c. each; 3 for \$1.00; 6 for \$1.50; 12 for \$2.25.

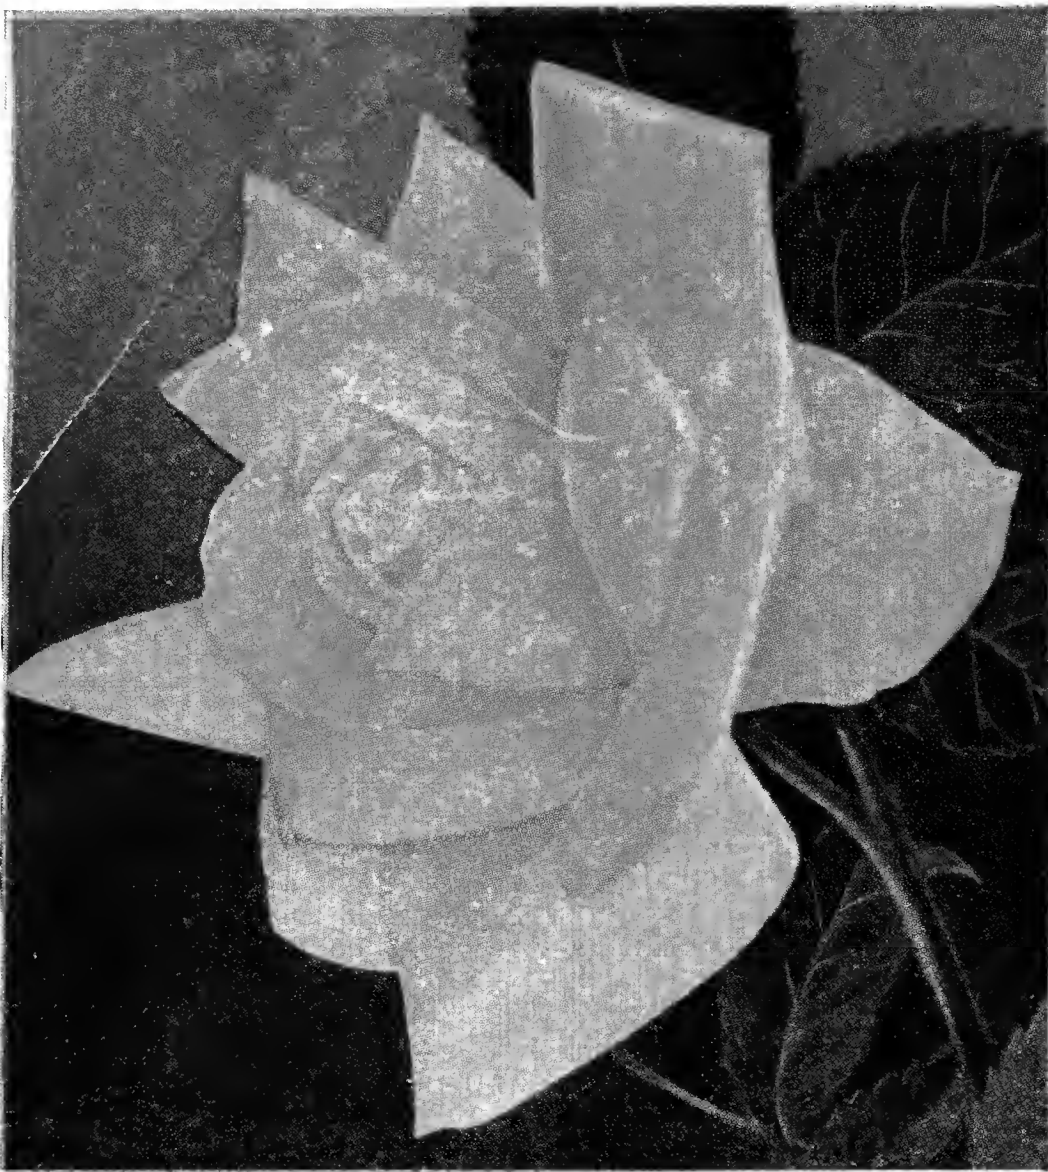

VALERIANA RUBRA—2 ft. A very showy hardy plant, covered with attractive rose-colored flowers during June and again during August and September. 35c. each; 3 for 85c.; 6 for \$1.50.

VINCA MINOR "BOWLES" VARIETY—A very attractive ground cover, having runners of glossy evergreen foliage. Flowers bright Elear.or-blue, produced in the greatest profusion in early Spring, with a few blooms all Summer. The flowers are double the size of Vinca Minor. 50c. each; 3 for \$1.25; 6 for \$2.00; 12 for \$3.50.

Introducing "Elegance" Rose

This new climbing Rose, with its sparkling brilliance, is the last word in yellow climbers. It is the result of 35 years of cross-breeding and is the greatest yellow rose introduced to date. The illustration is made from an actual photograph, but is greatly reduced, because if it were reproduced in actual size it would have filled this entire page, for the flowers are up to 6½ inches across. It is the first of the climbers to flower and continues blooming over a long period. It is a prodigious bloomer. The flowers are very double and of perfect hybrid-tea form, 65 petals when first open, beautifully recurved petals; exquisite China-Tea fragrance. Stiff strong flower stems, up to 4 feet, with one to twenty flowers to a stem. New type of feathered shiny foliage. Disease resistant, subzero hardy. It has everything.

Introducing The Grace Wayman Rose

Every visitor who has seen the Grace Wayman Rose in bloom in my garden has pronounced it the finest Climbing Rose they have ever seen, and you will say so too when you see it in bloom. I have grown it beside every climbing rose I know of, but have not found one to compare to it. The print on this page is made from **AN ACTUAL PHOTOGRAPH, GREATLY REDUCED.** Comparing it with other modern pink climbing roses, it is a much better color, better form, larger, more double and of heavier substance. It makes an excellent companion piece for Elegance Rose, either on the trellis or as a cut flower. In color it is a luscious pink, a flower of mammoth size and unsurpassed form. And such profusion of bloom! One wonders how any plant can produce so many gorgeous flowers, each blossom a perfect cut flower, on a strong stout stem, as fine as any hot-house grown rose. As to hardiness, it has gone through all our severe winters, as low as 17 below zero, without protection and without damage. It is a strong grower, producing long heavy canes. Only 200 plants for sale this Spring. Place your order early to avoid being disappointed.
